

HIGHLIGHTS FROM OUR 2025 IMPACT REPORT

5,993 travellers in 2025

8.9

was their average rating

€94,220

was invested in the **Future Friendly Fund**, supporting innovation in aviation and biodiversity restoration

€17,450

was donated by our travellers to **Green Intelligence**, which works to restore landscapes in Nepal

€56,080.94

was donated to organisations including Aerodelft, Doneer Effectief and Médecins Sans Frontières

31.3%

of our travellers chose a destination in Europe

18.1 days

was the average duration of all our trips

60.3%

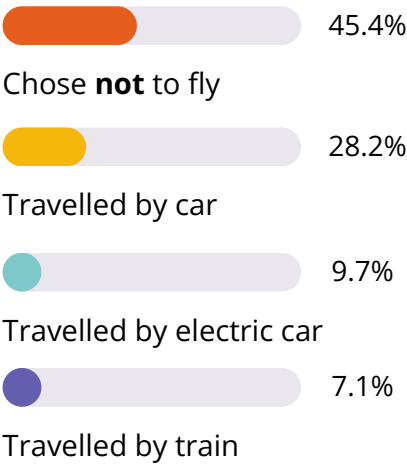

of our trips took place outside peak season. Among travellers without children, this figure was 77.6%, compared with 34.6% among families

We aim to reduce our CO₂e emissions by 55% by 2030 compared to 2019

Emissions

In 2025, our total emissions were 75 kg CO₂e per person per day, which is 27.2% lower than in 2019. This means we are not yet on track, as emissions should have been 30% lower by 2025.
